

School of Medicine
Sackler School of Graduate
Biomedical Sciences

Dear TUSM, Sackler, and Public Health alumni,

In honor of the upcoming **125th Anniversary of Tufts University School of Medicine**, we will be printing a **new alumni directory for all TUSM, Sackler, and Public Health & Professional Degree alumni**. The directory will include separate sections for each school, and information will also be sorted by specialty or degree where appropriate.

We have chosen Publishing Concepts as our trusted vendor and partner to help us produce the new alumni directory. They will be verifying and collecting alumni contact information in the coming months. In choosing Publishing Concepts, we undertook a rigorous vetting process to understand how they handle personal information, including credit card information should you choose to purchase a directory. We were pleased with their processes and strict procedures on handling such data. You will be given a personal ID number to further ensure the safety of your information.

Over the next few months, you will receive both postcards and emails from Publishing Concepts regarding this important project. We hope you will participate, as up-to-date information will be critical in assembling our upcoming alumni directory and providing the most accurate information to fellow alumni for networking, employment opportunities, and referrals.

If you have any questions, please call me directly at 617.636.6594 or email medicine-alumni@tufts.edu. Information about this project, including a Q&A sheet will be posted on our website at medicine.tufts.edu/About-Us/Alumni.

Warm regards,

Kara M. Ray
Senior Associate Director of Alumni Relations
